AFULA MDA EMERGENCY MEDICAL STATION

Afula MDA Station

The MDA Emergency Medical Station in Afula is the headquarters of the Gilboa Region and serves the residents of Afula and the Yizre'el Valley area. Afula's total population is 42,000 and the growth estimate for 2020 is 125,000.

On a yearly basis, the Afula MDA Station answers approximately 6,720 calls and dispatches ambulances for the following:

- 2,950 illnesses
- 60 women in labor
- 715 traffic accidents
- 40 work-related accidents
- 560 miscellaneous calls.

The Mobile Intensive Care Units (MICU's) respond to:

- 2,000 illnesses
- 10 women in labor
- 200 traffic accidents
- 10 work-related accidents
- 175 miscellaneous calls.

The closest medical facility is Ha'Emek Medical

Center in Afula, and the two other nearest are Poria Hospital in Tiberias, 25 miles to the northeast, and the Hillel Yafe Hospital in Hadera, 30 miles to the southwest.

The Afula Station is a two-phase project. The first phase of this two-story station was completed in late 2005.

The renovation included new flooring, ceilings, HVAC system, low-current electrical system, painting, sanitary facilities, doors and windows, sanitary devices, furnishings, kitchen, shelter and site development, as well as bays for ambulances.

The project has been underwritten by the Palm Beach Friends of AFMDA. Although the naming opportunity for this Station is no longer available, there are other donor opportunities at the following levels. Donors' names will be inscribed prominently in the main lobby.
